Subject: Do not use Yucca Mountain as a nuclear waste-site

LSN: Relevant - Not Privileged
User Filed as: Excl/AdminMgmt-14-4/QA:N/A

I know you are currently getting public comments in about the use of Yucca Mountain as a waste-site for nuclear fuels – Please do not use this sacred site – it is earthquake prone – which could be catastrophic to people living in this area. My daughter-in-law was 15, living in Kyiv, Ukraine when the Chernobyl radioactive spill occurred – and this has devastated the lives of millions.

Thank you for reading this message of concern.
